Legion Post Speeds Plans For Building

The American Legion is approaching the time when it can construct a meeting hall on property it owns on El Camino Real, Redwood City Councilman Floyd Granger this week after a city council session.

At the meeting the legion requested the city to subordinate its interest in the property so the legion may obtain a loan to complete its building fund.

Granger said the land had been given to the legion but that the veterans' organization had inserted a clause in its deed which would give the property to the city should the legion dissolve here.

The legion now asks that the city subordinate its deed claim to whatever firm might grant the legion a loan for the building fund.

Contractor Peter Sorensen said he had consulted with the legion and that the organization has between $40,000 and $50,000 in its fund already.

Council referred the request to City Atty. Cuthbert Currie for clarification.

Register to Open For Doctors, Nurses July 1

A new physicians' exchange and nurses' register will be opened in San Mateo July 1, it was announced today by Mrs. Elizabeth Gentry, president of the San Mateo County Nurses Assn.

The non-profit service will be available free to the public 24 hours a day from headquarters at 77 San Mateo Dr.

Graduate registered nurses and physicians will be listed.

Mrs. Gentry said the service would make it possible for anyone to get a nurse in a hurry by calling the register number. Physicians who list themselves with the exchange will be on call through the service when not in their offices.

Operation of the exchange is under the guidance of the California State Nurses Assn., and is similar to services now operating in the larger centers of population.

Mrs. Nona Lindley Perkins has been appointed registrar. She will be in charge of the service, assisted by graduate registered nurses.

Mrs. Gentry said a complete file of nurses, carefully screened, would be maintained.

Operation of the placement service is expected to help attract to the community sufficient nurses to meet the need, now and in the future when new hospitals are expected to be opened.

RC Plans No Action Against Circus, But Beatty Asks $75,000

The owner of the Bailey Bros. Circus, which Tuesday staged a disastrous one-day stand in Redwood City, today was sued for $75,000 by a rival "big-top" manager.

The suit was filed in superior court here even as Redwood City officials announced that probably no action would be taken against the circus in connection with the collapse of bleachers, which resulted in injury to 69 persons.

William M. Moore of Los Angeles, represented by Gerard Wagstaffe, filed the suit against Bob Stevens, who he stated also goes under the name of Leslie H. Stevenson. Moore is general manager of the Clyde Beatty Trained Wild Animal Circus.

He charged that Stevens has "pursued a course of threats of bodily harm, slander, vituperation, villification and coercion" toward him.

Stevens has "conspired, confederated and combined" with others to ruin the Clyde Beatty Circus, Moore claimed.

He declared that Stevens has threatened to "kill him on sight." He continued, claiming that the Bailey manager threatened "to cut his guts out," and "to behead him," and that he called Moore a variety of dirty names.

According to the complaint, Stevens "threatened to intimidate and harass" Moore by stating that he would "wreck the train of the Clyde Beatty Circus, put acid, oil and grease on the tents," and otherwise wreck the Beatty Circus business.

Moore asked that the court restrain Stevens from harassing and intimidating him and his employes.

Capacity Crowd Sees SM Show

The Bailey Bros. Circus folded its tents and silently stole away last night about 10 o'clock, following its last performance in San Mateo — after a far more peaceful day than it enjoyed Tuesday in Redwood City.

Reportedly headed for Modesto, the wagon show could credit Tuesday's near-tragedy here with capacity crowds at all three performances yesterday in San Mateo.

San Mateo police, who stationed a special detail at the circus, said today the front page newspaper stories of Tuesday's accident gave the show "the best advertising it could have had" for the one-day stand in San Mateo.

Though the management had feared the news would adversely affect attendance, the opposite proved true yesterday, with many persons apparently sharing the attitude of one mother who was heard to comment that she thought the best possible time to take her children to the circus was the day after such an accident.

Teachers' Salary Hike Plans Voted

Two recommendations of the Sequoia Teacher's Assn. salary evaluation committee salary raise proposal were approved this week at a meeting of the association.

According to Donald Kauffman, cochairman of the committee, the teachers are at present working out a salary schedule to be presented to the board of trustees if voters in the high school district approve a proposal to increase the school tax rate $.25 per $100 assessed valuation.

An outline of the proposed professional schedule has been presented to the board already, Kauffman said, but the final plan will not be taken to the board until later.

The two recommendations approved unanimously by the teachers are (1) that no teacher receive a salary increase of less than $620 per year, and (2) that during the first two years in which the schedule is in operation the two top ladders in the four ladder schedule not be used.

Kauffman said that would mean that the top salary at Sequoia next year would be $5400 and not $6000 as previously outlined. No teacher would get a raise of more than $1160.

Members of the salary evaluation include Kauffman, Montana Delbon, Vera Jansen, Robert Poole, Al Terremere, Secil Kyle, Lawrence Sanderson, and Anne Burns.

Suspect Asks To Repay Pair In Burglary

A. B. (Sam) Cheatham and H. S. Rossell, proprietors of gift shop and flower businesses at 403-405 El Camino Real, said today that they had been offered restitution for objects stolen from their stores Easter morning.

Cheatham said the offer came this morning from one of the two suspects in the case.

Although Police Chief C. L. (Mickey) Collins today claimed that his department was still unready to file any complaints, it was believed that Redwood City police were planning to take some action.

Until now, however, police have released nothing, keeping the cover down on any evidence they may have in their possession. Two men wearing peace officers' uniforms are known to be under suspicion.

The store was burglarized Easter morning, and some Easter lily plants, a half dozen philodendron plants and two African jake plants were taken from the store's glass house. A porcelain Madonna and a porcelain Chinese goddess were taken from the gift shop operated by Cheatham.

Leon Strauss 158 King St., a friend of Rossell, reported seeing a man in a dark uniform such as deputy sheriffs wear at the scene early that morning.

Police Sgt. Sylvester Douglass, who is handling the case, said that police had two suspects Tuesday, but police have not filed a complaint, although a district attorney's representative promised that that office would issue such a complaint as soon as police asked for it.

Yesterday, Dist. Atty. Gilbert Ferrell said he would give Collins a reasonable time to file a complaint but that if none was forthcoming, he would investigate the case himself.

Ferrell, Collins, and Sheriff James J. McGrath were conferring this afternoon.

RC Tax Installment Deadline April 20

Paul Perrin, Redwood City collector, today warned taxpayers that the second installment of city taxes will become delinquent Apr. 20.

Newcomers to Atherton are invited to attend tonight's annual meeting of the Civic Interest League, at which two discussions on civic affairs have been scheduled, according to Irving E. Kesterson of 396 Selby Lane, chairman.

Brewer Gets High School Board Post

Charles Merrill, chairman of the Sequoia High School Board of Trustees today announced the appointment of Morton Brewer to the board replacing Stuart W. Copps, who resigned last month.

Merrill said that he has received confirmation of the appointment from County Supt. of Schools Pansy Jewett Abbott.

Brewer, a former Sequoia High student, lives at 257 Fulton St. He is employed as a radio engineer at the National Broadcasting Co. station in Belmont.

"I am very happy about the appointment and will try to do the job to the best of my ability." Brewer said today.

The term to which Brewer was appointed expires July 1, 1949. Copps resigned from the job last month because his business had necessitated his moving to Santa Rosa.

Brewer was graduated from Sequoia in 1928. While at Sequoia he started the school's first short-wave radio station, according to Supt. A. C. Argo. Brewer then attended San Mateo Junior College for two years, and in 1934 received his degree in electrical engineering from the University of California.

In 1935 and 1936 Brewer worked in Manila, P. I. as an engineer for Globe Wireless Ltd. At present he is married and has two children.

Argo said that the new trustee would be sworn in at the next regular meeting of the school board on April 16.

Sequoia Pair Wins Test Recognition

Two Sequoia High School seniors have been awarded certificates of distinguished performance by the Pepsi-Cola Scholarship Board for making scores in an aptitude test which placed them in the top 10 per cent nationally out of 46,112 students competing for a four-year college scholarship.

The students are Donald Devine, 326 Atherton Ave., Atherton, and Arthur Stone, 737 Cleveland Ave. Twenty-five Sequoia students competed.

Seniors were chosen by their classmates to participate in the competition on a basis that at some future date they would make "important contributions to human progress," according to Dr. John N. Stalnaker, Stanford University professor who is chairman of the scholarship committee.

Burglars Raid East P.A. Home

Silverware, bonds and other documents were stolen from the home of Herbert Thomas, 873 Donohoe St., East Palo Alto, while the Thomas family was at Laguna Beach, the sheriff's office reported today.

Mrs. Marie Rosencrantz, who was taking care of the house in the absence of the Thomases, said that the burglars entered through a kitchen window and took a metal strongbox containing the articles.

Some of the papers were found under a tree at University Ave. and Donohoe St., where the burglar evidently discarded them.

RC Chinese Food Wins Okeh

Chinese food tastes good, regardless of whether it's served in Shanghai or Main St., Redwood City.

That was the general conclusion of Third Mate Hung Wen You who is visiting here while his ship, the Tung Ping, is docked at the Port of Redwood City.

Mr. You reports that since the arrival of the Tung Ping from Shanghai he and his fellow shipmates have spent considerable time sampling Chinese food "American style." And it's good, he adds.

Mr. You explained that the crew is paid in American money, and although most of the men have difficulty with the English language they are experiencing much success in dealing with "considerate" merchants here.

Mr. You, who studied English at the Chinese naval school, said he had little difficulty exchanging views with local people.

The Tung Ping is loading with cement to be returned to the Pacific. It is the largest ship to dock at the port in many months, officials explained.

Belmont Voters Approve Tax Plan

Voters in the Belmont Elementary School Dist. yesterday approved by 28 to 1 a measure to maintain the district tax rate at $1.50 per $100 assessed valuation 167 to 6.

School officials reported that the turnout of 173 voters was heavier than had been expected.

The tax measure allows the school district to tax $.60 over its $.90 limit for a period of two years. A similar measure was approved two years ago in order to raise money for increased administrative costs in the district and for new buildings.

County Seeks to Halt Cutting of Redwoods

The Santa Cruz Lumber Co. has started cutting virgin redwood timber in the 80-acre Pioneer Grove sought by the county for a park, county officials were informed today.

Frank Skillman, secretary of the planning commission, said that the hurried cutting evidently started within the past few days, after the owners of the land and lumber were notified that the county wanted an option, preparatory to buying the property.

"We've been asleep at the switch," Recreation Commission Chmn. Arthur V. Swift declared. "We've been too damn slow."

County officials scurried about today in an attempt to decide what course to follow to stop the logging operations.

The board of supervisors called an emergency session for this afternoon to authorize the district attorney's office to start condemnation proceedings for the property.

A. S. Whitmore, chief civil deputy district attorney, said that if condemnation action is filed, immediate possession of the land may be secured. Otherwise, an injunction would be sought, if private negotiations collapse.

"They're within their legal rights, although it is morally wrong," Whitmore said.

Swift said that he and Ralph Shaw, recreation director, were told by Henry F. Bloomquist, Memorial Park superintendent, that the lumber firm has started slashing the big virgin redwood timber.

Some trees already have been cut, Swift declared, and that many other trees have been undercut, in preparation for cutting.

Skillman today talked with Percy Wood, president of the Western Shore Lumber Co., owner of the land on which the Santa Cruz firm is leasing lumber rights.

Wood said that he was "amazed, flabbergasted, and couldn't believe" the report that lumber was being cut. He said that he would talk with E. E. Carriger, manager of the Santa Cruz Lumber Co., and attempt to have operations stopped.

The board on Feb. 20 authorized the planning commission to negotiate an option for the 80-acre tract, which lies about a half mile southeast of Memorial Park and about a mile from Butano Forest.

Last Friday, he sent registered letters to the two firms involved, asking for a four-month option and for the firms to place a price on the property, Skillman said.

He has received acknowledgments that the letters were received, he continued.

"The cutting has been estimated as two days' work," Skillman said. "The indications were that it was done after the receipt of the registered letters."

He said that the county now would follow a program of "positive action" to save the redwood tract.

"We were a little bit naive, believing that they would play ball with us," he added.

Mrs. Peter Taylor Elected First President of Taft PTA

Mrs. Peter Taylor was elected first president of the newly former Parent Teacher Assn. unit at the Taft School when the group met last week to elect officers and adopt bylaws.

TB Hospital Plans Speeded

Preliminary plans for the proposed tuberculosis hospital are to be prepared in about two weeks, the County Board of Supervisors have announced after a conference with Douglas Dacre Stone, architect employed for that purpose.

The plans would include preliminary sketches of the 100-bed facility.

A $1,500,000 bond issue is to be presented to the voters at the June 1 election for the tuberculosis facility construction. The voters also will be asked to decide whether the facility should be built at the present site of Canyon Sanatorium or adjacent to Community Hospital.

Dr. Arthur Nobbs, senior warden of the Belmont Good Shepherd Episcopal Church, this week announced that the rector, Thomas Scott has resigned from his parish. His last service will be next Sunday.

Services will continue as before, Dr. Nobbs said, and visiting rectors will carry on the spiritual affairs of the church.

San Carlos AWVS Asks For Donations to Sale

Articles may be brought to the home of Mrs. Edwin Lobazin at 418 Laurel Ave.

The sale will be held for four days, beginning on April 12 in San Mateo.

The county unit will hold its regular meeting tomorrow at 1 p.m. at the home of Mrs. Louis Lengfeld, county unit president.

County Rent Raises Expected As Board Hears First Requests

The run is on for rent raises in San Mateo County now that the new rent law has gone into effect, it was indicated today at the weekly meeting of the County Rent Advisory Board in San Mateo City Hall.

According to Damian Reynolds of Hillsborough, board chairman, there are more than 15,000 rental units in San Mateo County affected by the new law, and the people have been awaiting passage of the law and its effect on landlords and tenants alike.

At this week's board meeting—the first since the law went into effect last week—Reynolds said the board's supply of forms asking increases in rent was "exhausted" and it was necessary to compile a list "a mile long" of persons who desire the increase forms.

Reynolds explained there are three types of rent raises legally permissible under the law. They are straight rent increases, landlords' petitions for increases because of substantial hardship, and tenancy leases granted in return for 15 per cent increase in rent. The third type is voluntary on the part of tenants and landlords.

Of the three types of increases possible, Reynolds said all requests were for either the hardship type, or the voluntary 15 per cent lease type. He added the latter was the type requested by the great majority this morning.

According to members of the rent board, applicants this morning for the forms necessary to apply for rent raises included persons from Half Moon Bay, Menlo Park, San Bruno, South San Francisco and San Mateo.

It was emphasized to all applicants that no increases are automatic. The applications must be cleared through the area rent director's office in San Francisco.

The procedure was described as fairly simple for the voluntary 15 per cent increase in return for a lease, because such rent raises are made with the consent of the tenant. Thus the necessary forms and the lease are filed with the San Francisco office and an order is issued by the area director calling for the increase.

Hardship cases, however, must be substantiated carefully by the landlords who apply under this provision of the law, and Reynolds said they should be cautioned to furnish copies of their requests when registered.

School Tax Issue Goes To Voters

Redwood City Elementary School Dist. Board of Trustees this week voted to place on the ballot at a special election a proposal to raise the tax rate maximum 60 cents to enable an increase in teachers' salaries.

June 11 was set as the date of the special election.

The proposed change would increase the tax rate minimum from 90 cents to $1.50 per $100 assessed valuation. The plan would be for a 5-year period.

Cost of putting the proposed new salary schedule into operation would be around $60,000, Supt. of Schools Andrew Spinas said. Average raise per teacher would be about $500 a year he stated.

Ronald Spink represented the Elementary School Teachers Assn. at last night's meeting. The teachers presented the proposed salary schedule to the board two weeks ago.

Action taken by the trustees last night follows closely action taken on Mar. 20 by the Sequoia High School Board of Trustees to place a proposal on the ballot May 21 for a special 25-cent tax for an increase in teachers' salaries and other expenses. The Sequoia proposal, if passed, would boost the statutory limit from 75 cents to $1 for a period of five years.

Sequoia set its special election to coincide with the election of school trustees. The elementary school board could not set that date, however, because notice has to be published at least 60 days prior to the election.

The salary schedule range is based on academic preparation.

The first range is for teachers with bachelor of arts degrees, starting at $2600 and advancing in jumps of $150 annually until $4400 a year is reached.

Safeway Trims It *Before* Weighing ...SO YOU SAVE MONEY

We'll give you 2 Legs of Lamb
(they won't cost you a penny)
if ever you get a SAFEWAY Leg of Lamb not trimmed this money-saving way*

LONG PORTION OF SHANK BONE (which "weighs up" heavy) removed by Safeway before we weigh your leg of lamb on the market scales. It gives you a roast that cooks and carves better

EXCESS FAT ON SIDE OF ROAST is trimmed off by Safeway before weighing ... another extra step that gives you more good-eating lamb meat for your money

It means more tender, juicy meat in every pound you pay for...*a bigger value for your meat dollar at Safeway!*

YOU SEE ABOVE how Safeway removes the shank bone and excess fat from legs of lamb *before* weighing. And the test-purchase report presented here shows you how important it is to compare trimming as well as price.

We prepare other cuts in similar fashion — each one according to its special requirements. This waste-free cutting is part of Safeway's Guaranteed Meats plan. We *regularly* trim our meats this way.

When you compare meat prices, remember that Safeway's prices always are on the TRIMMED cut, free of excess bone, waste and fat, ready for cooking.

If ever you're not satisfied that the meat you buy at Safeway is trimmed the money-saving way we say, just show it to the manager of the Safeway store where you bought it. If your Safeway leg of lamb (for example) is *NOT* trimmed as shown above—you get *TWO* legs of lamb without a penny's extra cost *(and without quibble or argument!)*

Safeway buys nothing less than the top government grades of beef (all beef sold at Safeway is U.S. Government graded) ... nothing less than the top grades of lamb, pork and veal. More. We hold our meats the full number of days needed to bring out peak flavor and tenderness. And we safeguard their goodness with exact temperature controls.

Come prove for yourself — there's more good-eating at less cost in Guaranteed Meats from Safeway!

Test purchases by Independent Bureau show you can save money on meat

We asked an independent research organization to check methods of trimming meat here.

And we secured proof that it pays you to check trimming as closely as you check price when buying meat.

In 201 representative markets in this area where they bought meat they found a great variation in the way meat is trimmed.

In 88% of the markets other than Safeway, legs of lamb purchased were not trimmed before weighing.

Had the legs of lamb been first trimmed and *then* weighed (as Safeway does), the average saving would have been 7¢ per pound. Actually, customers of some of these stores would have saved amounts up to 13¢ per pound.

This survey shows unmistakably that thousands of housewives in this area are paying regular meat prices — which are high enough these days, goodness knows — for waste that is thrown away!

- ***Example:*** **For legs of lamb purchased UNTRIMMED shoppers paid an average of over 42¢ more per 6-lb. roast than if these roasts had been trimmed BEFORE weighing. In some markets as much as 78¢ more.**
- ***Example:*** **For rib lamb chops purchased UNTRIMMED shoppers paid an average of over 18¢ more for six chops than if these chops had been trimmed BEFORE weighing.**
- ***Example:*** **For rib roasts purchased UNTRIMMED shoppers paid an average of over 54¢ more per 6-lb. roast than if these roasts had been trimmed BEFORE weighing.**
- ***Example:*** **For T-bone steaks purchased UNTRIMMED shoppers paid an average of almost 22¢ more per 2-lb. steak than if these steaks had been trimmed BEFORE weighing.**

Wherever you buy meat you are entitled to money-savings that result from proper trimming of each cut before it is weighed. *Insist that your butcher trim this way. If he refuses, why not buy at a market where this kind of trimming is done?*

SAFEWAY GUARANTEED MEATS

*This offer effective at all Safeway markets in this County

California Square Proposal May Go to Voters at June Primary

An effort will be made to have the ceding of California Square to the county placed on the June 1 ballot, the County Board of Supervisors was told this week.

Chief Civil Dep. Dist. Atty. A. S. Whitmore said that his office, working with the Redwood City attorney's office, is trying to clear away legal entanglements in an attempt to meet the June 1 election date.

According to previously announced policy, Redwood City is to file either condemnation suit or a suit to quiet title. Redwood City voters then are to vote on a proposal to abandon the square as a park, clearing the way to giving or selling it to the county for a courthouse annex.

County Clerk William H. Augustus, however, threw cold water on Whitmore's statement. He said that he couldn't see how the issue could be placed on the June ballot, since the preliminary suit has not been filed yet.

Augustus said that he would have to know by Apr. 20, the next regular meeting of the board, whether the legal steps are clear. The supervisors on that date would have to pass a resolution putting the abandonment on the ballot.

Chmn. Alvin S. Hatch, raised the question of whether the park abandonment would be ready for the June 1 election. He asked that the legal action for initiating the contemplated suit be taken before the next meeting of the board.

The duchess, who also gave her address as Geyserville, told deputies in the office of County Clerk William H. Augustus that she was born in Paris, and was a widow. Her fiance is a native of Bordeaux, France, and has been married twice before.

Poole Resigns School Board Post; C. B. Currie Named

JOHN W. POOLE

CUTHBERT B. CURRIE

John W. Poole this week resigned from the Redwood City Elementary School Board of Trustees, on which he had served for 32 years. He was chairman at the time of his resignation.

Poole has been in ill health since January.

Miss Pansy J. Abbott, county superintendent of schools, immediately appointed Cuthbert B. Currie, Redwood City city attorney, to replace Poole on the board.

Poole's tenure on the school board was one of the longest in San Mateo County history, Miss Abbott said.

Poole, who was born in Redwood City in 1872 and operated a drayage firm here, had served 18 years on the San Mateo County Board of Supervisors until the close of his 1944 term, when he declined to be a candidate for relection.

Poole's term on the school board would have expired June 30, 1949.

Currie was named city attorney a year ago today. He is chairman of the Sequoia Dist. YMCA, a member of the Kiwanis Club and is a former Community Chest president. He has a wife and young daughter.

Poole was active in the planning of six new school buildings during his term on the school board.

"Much that has been done in the elementary school system should be credited to Mr. Poole," Miss Abbott said. "He was faithful to his task."

Other members of the present board are Chris G. Uhlenberg and Louis A. Behrens.

The board members passed a resolution in appreciation for the services of Poole as a member of the board.

The resolution, in part:

"Whereas Mr. John W. Poole has served as a member of the board of trustees of the Redwood City Elementary School District of San Mateo County, California, continuously from 1916 to Apr. 6, 1948,

"And whereas on Apr. 6, 1948, the said Mr. John W. Poole terminated his tenure on the said board of trustees by resignation,

"And whereas the said John W. Poole's service on the said board of trustees has been marked by a faithfulness and diligence of the highest order,

"Be it resolved that the said board of trustees hereby express to the said John W. Poole their sincere appreciation of his long and meritorious service and hereby wish for him the utmost in satisfaction and enjoyment during the years to come."

Women's Club Drawing Plans For 'Belmont Pageant' in May

One of the features of the Belmont Women's Club Tea May 19, will be the 'Belmont Pageant," written by Mrs. Marcia B. Whipple, and directed by Mrs. Gene Sullivan.

Presented a year ago, the pageant is a "command performance" this year, according to club president Mrs. R. A. Page Sr.

The story is a history of the beginnings of Belmont Mrs. Sullivan reports.

Since there is a great deal of costuming to be done, the club is asking aid and has put out a call for materials representative of the era involved.

Starting next week, the cast will gather props and costumes and rehearsals will start soon.

The cast includes: Mrs. Ruth Barrett, Padre; Mrs. Jane Beckwith, Senor Mezes; Mmes. George Hulstede, David Horn, A. R. Hersom, and Mildred Smith, senoritas and senores; Mrs. Gene Sullivan, serving girl; Mrs. James Porter, Spanish dancer; Mrs. Caston Pope, "Mr. William Ralston;" Mrs. Jack Merrick, "Mrs. William Ralston;" Mrs. Annette Alexander, 'Miss Adelina Patti;" Mmes. George Doyle, Arline Francs, and Marie Gronech, the Ralston guests; Mrs. Peter Ross, "Jack London;" and the commentator will be Mrs. Scott Cowles.

The old English ballad, "O No John," followed.

In the group was "Barbara Allen," English ballad.

The second group included 'Woman! Go Home," a Austrian folk ballad which received the heaviest applause.

The Notre Dame Music Association next week presents Emilio and Teresita Osta. The dance artist and her piano accompanist brother have appeared in several concerts.

Callis Elected By Toastmasters

Dale Callis of San Carlos is the newly elected president of the Belmont-San Carlos Toastmasters Club International.

Retiring president, Frank Murphy of Palo Alto, presided at the Monday meeting of the group when they met at the Villa Chartier for dinner.

Rex Land of San Carlos, the speaker, is the winner of the area speech contest of the Toastmasters Assn. The winners of the various parts of the state will go to the finals in San Francisco this Summer, to compete for regional honors.

Fire Chief Miller Attends Parley

Fire Chief Elbert Miller of Belmont was appointed chairman of the training committee of the California Rural Fire Chief's Assn. and a member of the board of directors of the association at a convention held over the weekend in Stockton.

Fire Warden Spencer Turner of Los Angeles County was elected president of the association for the coming year. The annual convention will be held next year in Yosemite Valley.

Miller attended the convention with Asst. Fire Chief Harry Chamberlain, drillmaster of the Belmont Fire Dept.

Campodonico Heads ND Fathers' Club

Albert Campodonico Jr., of Atherton, is the president of the recently organized Fathers' Club of the College of Notre Dame in Belmont.

Other officers of the Belmont group are: W. O. Coles Jr., Dr. Ray Lussier and J. Loretz, all of San Mateo; I. La Russa and R. B. Donohue of Belmont; A. Francheschini of Menlo Park; L. Nouque of Palo Alto; Charles A. Parker of Burlingame; Louis Vargas of San Carlos, B. E. Esposito and A. T. Bordenave of Redwood City.

Club plans include a fathers' and daughters' night on April 23 in the college auditorium. The affair is planned as a "get acquainted" night, according to Campodonico.

May 23 the club will sponsor a barbecue. The day's events will include races, games, and awards.

Other events will be staged during the year, according to the president, culminating in sponsorship jointly with the Notre Dame Music Assn. of the annual fall bazaar.

Immediate goal of the club, Campodonico says, is to aid in raising funds for construction of the proposed auditorium and music conservatory at the College of Notre Dame.

He praised the activity of the music association in building up the auditorium fund, pointing out that more than $13,000 was added to the fund by the bazaar last Fall.

Josephine Territo Exchanges Vows With Wilmer De Petris

Josephine Territo became the bride of Wilmer De Petris yesterday afternoon at a ceremony performed by the Rev. Father John Cavanaugh in the Mount Carmel Church.

When Josephine walked down the aisle on the arm of her father, Joseph Territo, she was gowned in white satin brocade, fashioned with a manderin collar and a tight bodice, which formed peplum over the long skirt. Her veil was a fingertip English tulle held in place by a crown of brocaded satin trimmed with mock orange blossoms. She carried a bouquet of bouvardia centered with a large white and gold orchid.

Preceding the bride down the aisle were Elizabeth Stephens of San Francisco, as maid of honor and four bridesmaids, Frances Nakin of San Francisco, Lois Chandler of Redwood City, Elaine Hagan of Redwood City, and the bride's sister, Marian Territo.

The maid of honor was gowned in aqua taffeta made along the same lines as the bride's gown. She carried cream colored camellias and wore matching flowers in her hair.

The bridesmaids were gowned alike in rose taffeta and each carried pink and white camellias and wore matching flowers in their hair.

The bride's youngest sister, Sally Territo, was the flower girl. She wore a white taffeta dress and carried a basket of spring flowers.

Tony Balestrieri of San Francisco was the best man and performing ushers' duties were Burton Wilner of Los Angeles, Ray Tenzer of Redwood City, Armando Garaventi of San Francisco and Jack Leuthicum of the East Bay.

Mrs. Territo wore an aqua evening gown and Mrs. De Petris wore a blue gown for the ceremony.

Following the ceremony a reception was held at the Benjamin Franklin Hotel in San Mateo for more than 400 friends and relatives of the newlyweds.

White flowers and candlelabra decorated the room for the reception and the new Mr. and Mrs. DePetris cut a five tiered wedding cake before leaving on their wedding trip.

The newlyweds will have two wedding trips. The first will take them to Carmel and Yosemite for 10 days and they will return to their new home on Edgewood Dr., a present of the bridegroom's parents, for a week before setting out on a month's trip through the United States.

The new Mrs. DePetris chose an aqua gabardine suit with black accessories for her wedding trip.

The bride is the daughter of Mr. and Mrs. Joseph Territo of Redwood City. She is a graduate of Sequoia High School and until her marriage attended San Francisco College for Women on Lone Mountain.

Will is the son of Mr. and Mrs. Carl De Petris of Redwood City. He attended schools in San Francisco and recently completed his studies for his A.B. degree in bacteriology at Stanford University. He plans to return to Stanford in the Fall to do graduate work in business.

Walter Preeces Honeymoon In Carmel

Mr. and Mrs. Walter L. Preece are honeymooning in Carmel today following their wedding yesterday afternoon at St. Catherine's Catholic Church in Burlingame. The newlyweds will live in San Carlos upon their return.

The new Mrs. Preece is the former Barbara Booker, daughter of Mr. and Mrs. Robert Booker of Howard Ave. in Burlingame. She is a graduate of Mercy High School in Burlingame and attended San Mateo Junior College. Until her marriage she was employed by Bekins Van and Storage in Burlingame. She has one sister, Mrs. John Schuller of El Paso, Tex.

Walter is the son of Mr. and Mrs. A. C. Layton of Redwood City. He attended Los Angeles schools and is no wemployed by Southern Pacific Co. He has one brother, Grant Preece of Los Angeles, who served as best man.

The Rev. Father Leonard W. Bose performed the ceremony and the bride was given in marriage by her father.

Her gown was fashioned with a long torso of lace and a full skirt of marquisette. She wore a white fingertip illusion veil and carried a bouquet of orchids and stephanotis.

Eleanor Bartlett was the maid of honor. She wore a white ballerina gown and carried a French nosegay of pink carnations.

Margaret Ford of Millbrae was the bridesmaid and wore a gown like that of the maid of honor. She carried a bouquet of two shades of pink carnations.

Bill Mancuso of Redwood City showed guests to their seats.

Following the ceremony a reception was held for the newlyweds at the home of the bride's parents. Mrs. Booker was gowned in pale blue crepe and Mrs. Layton wore a black and white silk print dress to greet guests.

The bride chose a pink suit with cocoa accessories as her going away costume.

Sharp Park Names Fire Commission

Two men were elected to the three-man fire commission in Sharp Park yesterday.

They were Frank Gittings, with 135 votes, and Thomas York, incumbent commissioner, with 116 votes.

Defeated were Mrs. Myrtle Burke, 115 votes; Jack Martin, incumbent, 110 votes, and Chet Cydrus, 27 votes.

Four Artists Selected To Appear in Concerts Here

A tentative list of four artists to perform at as many concerts was selected Saturday afternoon by the executive committee of the Community Concert Assn. at the close of its membership subscription campaign.

The list, which is subject to confirmation from booking agents is as follows:

Charles Kullman, famous American romantic tenor of the Metropolitan opera has been selected to be the first artist at the concerts, which will take place in the Sequoia High School Auditorium. He is slated to appear during the latter part of September and will also sing in the San Francisco opera. He recently starred in the motion picture "Song of Scheherazade."

Toss Spivakovsky, violinist, was chosen to appear during the latter part of November. He is a Russian born American citizen who has recently appeared as soloist with most of the major orchestras. Critic Alfred Frankenstein of the San Francisco Chronicle recently compared him with Jascha Heifetz.

Early in January the Slavenska Ballet Variante with Mia Slavenska and a company of eight outstanding artists will perform here. The ballet is accompanied by two pianists. Mia Slavenska is the star of the motion picture "Ballerina" and is a former premiere danseuse of the Monte Carlo ballet.

Yara Barnette, pianist, was selected as the last artist of the concert series, to appear in February. She made her Carnegie Hall debut during the '47-'48 season and has been soloist with major orchestras. Critics have said "she has no peer among women pianists of the day."

Members of the executive committee present to select the artists were C. B. Selden, president; Mrs. Park Q. Wray, general chairman; Mrs. S. S. Mayo, cochairman; J. A. Buhler, treasurer; Mrs. R. L. Spangler, secretary, and E. W. Butler, vice president.

Assisting in the selections were Mrs. W. L. Cooley of San Carlos, Mrs. Floyd Davidson of Menlo Park, Mrs. R. J. L. Currie and Mrs. Cuthbert Currie.

Members of the committee were guided in their selections by a poll taken during the membership drive, which placed ballet, piano and a tenor in highest preference, Mr. Selden said. He added that a "number of persons voted for Spivakosky in particular."

"We believe we have chosen a well balanced concert series. We trust it will meet the approval of the members," the committee said.

During Saturday's meeting, Mrs. S. S. Mayo was elected concert chairman. She named Mrs. Spangler her cochairman. Mr. Butler was elected transportation chairman.

"We are more than gratified by the enthusiastic response to our membership drive," Mrs. Wray, general chairman, said today. "We regret that we had to say 'no' to some late comers, but because of seating capacity limitations in the Sequoia High School Auditorium, we could accept no more memberships than fire regulations and other considerations permitted."

Mr. Butler also added "the chamber directors are happy over the results of the campaign drive and the fact that they were able to initiate the idea in the community."

A waiting list has been established at the Redwood City Chamber of Commerce office, the committee said. The membership drive began Mar. 29 and was closed Saturday morning when the goal of 1000 was reached just before noon.

Marie Chiapelone, Dick Mellen Wed in Rites Here

Mr. and Mrs. Dick Mellen are honeymooning today at an undisclosed destination following the wedding rites which united them Saturday evening at the home of the bride's sister, Mrs. Julian Boeddiker.

nosegay of white baby orchids and carnations and wore a half crown of white bouvardia in her hair.

Mrs. Boeddiker was her sister's matron of honor. She wore a gray ballerina suit and carried a nosegay of pink carnations and violets. She also wore a crown of carnations in her hair.

Frank Youtsey of San Carlos served as best man, and the bride's father, Thomas Fayne of Redwood City, gave her away.

The ceremony was performed before a fireplace, banked with white stock, calla lilies and purple iris, by the Rev. Thomas Scott of Belmont.

The bride's mother wore a black suit while the bridegroom's mother wore a black dress for the ceremony. Both mothers wore corsages of red roses.

Following the ceremony a buffet dinner was served to the 45 close friends and members of the family present. The bride's table was centered by a three tiered wedding cake and flanked by tall candelabra. The centerpiece was banked with white gardenias.

When the newlyweds return from their honeymoon they will reside in an apartment here.

The bride is the daughter of Mr. and Mrs. Thomas Fayne of Redwood City. She is a graduate of Sequoia High School and is employed by the California Pacific Title Co.

The bridegroom is the son of Mr. and Mrs. James Stacy Mellen of San Carlos. He is also a graduate of Sequoia High School and is employed in San Francisco. He has one sister, Diane, who is a student at Sequoia.

Horsemen's Assn. Plans Annual 'Spring Shindig'

San Mateo County Horsemen's Assn. will hold its annual "Spring Shindig" Saturday from 9 to 1 a.m. in Laurel Hall in San Carlos.

Stanley Schlichting is in charge of the dance.

The public has been invited to attend.

Dalziel of San Mateo became the bride of Edwin Gouldthred of San Carlos on Saturday evening.

The Mt. Carmel Catholic Church in Redwood City was decorated with white lilies and stock, against a background of candlelight, when Father Fitzpatrick pronounced the wedding mass.

Marjorie, the daughter of Mrs. J. B. Dalziel of Sharon Place in San Mateo, was given in marriage by Fire Chief Will Talin of Hillsborough. Her father was the late Highway Patrolman J. B. Dalziel, who died three years ago in San Mateo County.

The bride's gown of satin featured a bustle back and sweetheart neckline. The sleeves were long and pointed over the wrist and the skirt full in a long train. Her veil was fastened by a crown of seed pearls. Bouvardia and white orchids composed her bouquet.

Miss Patricia Dalziel, her sister and only attendant, wore a white brocade dress, fashioned with short puffed sleeves and long mitts. She wore a crown of red carnations in her hair and carried a muff of red carnations.

Mrs. Dalziel wore a rose dress with Alice blue hat and white accessories. Her corsage was of camellias.

The benedict was attended by his twin brother, Edgar Gouldthred, and his ushers were David Kirk, Lee Rogers, Edward Duchine and Harry Griffin.

At a reception which followed the ceremony at the Benjamin Franklin Hotel in San Mateo, more than 100 guests were greeted by the bridal party. A three tiered wedding cake was the center of decoration, against a background of white stock.

Marjorie was wearing a dusty pink gabardine suit with big straw picture hat, when she left for her honeymoon, which will take the young couple to Carmel. She wore her corsage of orchids from the bridal bouquet.

Edwin, the son of Raymond Gouldthred of Richmond, is employed in San Carlos at present, but the newlyweds plan to live in San Francisco after the honeymoon.

Shasta Power

It is not being wasted now

It need never be wasted

You, as a user of electric power and as a taxpayer, have an important stake in the Shasta power question. In this message we outline what's behind the discussion—and offer the facts for all to read.

Additional Shasta Power Will Help. We have been and are doing all we can to correct the power shortage. Power from every possible source, in this drought year, must be distributed to northern and central California. Shasta is expected to provide about 75,000 additional kilowatts April 15, when a new generator comes into service. There'll be a like amount later on. Our total demands run about 2,000,000 kilowatts. Shasta will help—every bit of power counts—but Shasta power alone won't solve the problem.

Shasta Power Now Being Used. No Shasta power is going to waste now. It's being fed onto our lines and is being used along with power from about 75 other sources. It has been used since June 26, 1944, under a contract between P. G. and E. and the Bureau of Reclamation—a Federal government agency.

What's the Problem? Actually, there shouldn't be any problem . . . but there is. The Bureau doesn't want to extend the contract to cover the new Shasta power, even for the balance of this year. Instead, the Bureau has reluctantly agreed to put the additional power on our lines during the emergency on a day to day basis. We have agreed to take it that way—this assures no waste of Shasta Power during the emergency—but leaves the long-range disposition of the power unsettled.

Why Is There a Contract Dispute? It started back in 1941. When Shasta construction began we offered to supply a market for Shasta power and offered to coordinate our operations with those of the Bureau at Shasta and Keswick (another unit of the Central Valley Project). At that time the Bureau demanded that we "convey" Shasta power over our lines to enable them to sell it to various public agencies. It is not physically possible to do this, but in any event we couldn't agree to such a demand. These agencies were and are our customers and are being served under rates established or approved by the California Public Utilities Commission. Such a demand, were it carried out, would amount to virtual confiscation of a good part of our business. An agreement on our part would be just as foolish as for a milk company to agree to furnish their trucks and delivery men to someone else—who would begin delivering their own milk to the milk company's customers.

Wartime Contract Signed in 1943. Congress finally took a hand. In 1942 the Senate Appropriations Committee recommended that the Secretary of the Interior and P. G. and E. "immediately enter into a contract, for the duration of the war and a reasonable time thereafter".

The Bureau then agreed to a contract—without the "conveyance" clause. That contract was signed in 1943 and is still in force. It will be until the end of this year.

Under that contract the United States has collected from us more than 11 million dollars for Shasta power. But the contract is running out—a permanent contract should take its place.

Bureau Won't Agree. The Bureau has gone back to its original demand, first laid down in 1941. P. G. and E., they insist, must "convey" power for them for delivery to a long list of federal, state and local agencies, now P. G. and E. customers.

Practically all the other points in a new contract are agreeable to both parties. But with this one we disagree.

Bureau's Demand Puts Burden on Public. Last year the customers which the Bureau could take from us used more than a billion kilowatt hours of power. That's about one-eighth of our total power demand. Here's what that means to you:

Under the direction of the Public Utilities Commission, our low rates have been carefully adjusted to cover costs of a complex system of generating and distributing power . . . to all the people in our area. Should special privileges—at the expense of the taxpayers—be granted to those who use one-eighth of our power, the others who use the seven-eighths would naturally have to make up the difference. We don't want the public to be thus penalized.

How to Solve the Long-Range Problem Since Shasta began to produce we've been buying power and paying for it. Our point is this: all northern and central California should share in Shasta power—not a few selected agencies or customers. It can be made available to the homes, farms and factories in the area. Fair terms have been offered by the P. G. and E. If there is a dispute as to price, we will submit it to the California Public Utilities Commission or to the Federal Power Commission and abide by the decision, although in 1943 Harold L. Ickes, then Secretary of the Interior, said we had agreed to pay a "fair and equitable price for the power".

Transmission Lines Available. P. G. and E. transmission lines are ready at our Shasta substation to take the output of the generators to come into service this month and in July. Before another month passes we will have still another transmission line south from Shasta substation. With that line in operation all the power to be produced at Shasta and Keswick Dams can be distributed over northern and central California.

All the government need do is build its transmission lines to Shasta substation—25 miles. It has the money to do that, appropriated by Congress last year. The Bureau of Reclamation and the Federal taxpayer, whose money it spends, need do no more.

We have the service organization, the substations and all the necessary lines to get the power to the public.
